

## Guidelines for §8.4 Written Assignment

Full credit will be awarded **only** for papers that satisfy the following conditions:

1. All pages must be stapled together in order.
2. Solved problems must be presented in order.
3. Clearly show all work.
4. Handwriting is legible. A problem cannot be graded if it cannot be read.
5. Clearly indicate the problem number.
6. Each problem must begin with the identity to be established (restate the problem).
7. **Clearly indicate the side of the identity you start on;** I recommend using the LHS, RHS notation used in class.
8. ***Every step must be clearly shown.***
